Caution regarding forward-looking statements

In this Annual Report we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions.

Chairman's Letter

We are on the way where Economic growth meets with Environmental Protection

I am delighted to report that the plan of action to achieve long-term aim accounted for the strong results in the Financial Year 2017-18. The company has shifted its focus from generic pesticides to bio-based fertilizer and innovative pesticides which has been a significant driver for the year helping the company to touch the points where economic growth meets with environmental protection. We have seen the business strategy in direct relationship with growth, which is reflected in our profitability. The fiscal year 2017-18 has witnessed

the rethinking process of your company towards the business and the Industry by considering various factors. In our country, there are many challenges in the Agro Industry which include increasing population and decreasing per capita availability of arable land. Your company tried to overcome the macro-level difficulties by taking micro-level decisions. It resulted in introducing the products in the Bio - Division. In the coming years, the company has planned to launch 4-5 high demand - high margin bio-based and innovative pesticides

because sustainable development plays a significant role in the overall progress. Your company is expecting high growth in the revenue and profitability for the Current Year due to the favourable monsoon forecast. Your company believes in the long-term strategy to achieve better market performance. There is an enormous growth opportunity for Agrochemicals Industry in India. As per India Brand Equity Foundation report, Indian Agrochemicals market is expected to grow to the US\$ 6.3 billion by 2020. It gives a positive indicator to the entire agro-based chemical industry. We have a presence in more than eight states with 2100+ distributors from North, West and Central Zones. Recently your company has started its operation in Uttar Pradesh by setting up a distribution branch. Uttar Pradesh, being one of the largest agricultural states, will be a significant

growth factor for the company. In the financial year 2017-18, your company generated 76% of the total revenue from Gujarat whereas other states contributed remaining revenue. Your company made approximately 8% of the total revenue from Maharashtra. The state government has kept incentives provision amounting to 100 crore for organic farming. In the year under consideration, your company has shown reasonably good performance. Revenue from operation decreased from Rs. 7,498.21 lakhs in FY 2016-17 to Rs. 6829.48 lakhs in FY 2017-18 due to change in the business strategy that resulted in an increment of the EBITDA and PAT by 54.06 % and 78.34% respectively. In spite of various headwinds and impact of GST implementation, your company has taken corrective steps in the right direction to change the scenario. I am positive that such strategic decisions

will lead us to a better tomorrow. I would like to express my sincere gratitude to all our shareholders for showing interest and unshakable confidence in our business.

Management Discussion and Analysis

Global Economic Overview

The Worldwide Economy witnessed fastest growth in 2017 since the Financial Crisis of 2008. Global growth strengthened to 3.8 per cent in 2017 supported by the progress in advance and emerging economies. Overall two-thirds of countries accounted for three-fourths of global output experienced faster growth in 2017 than in the previous year.

Developing economies remain the central motorist of the global growth, which is estimated to reach 3.0 per cent in 2018. In 2017, contribution of the East and the South Asia accounted for half of the world growth whereas one third was contributed by Chinese economy alone. It improved Investment conditions mainly due to the changes in the macroeconomic conditions.

Due to the favourable external economic conditions, least developed countries are expected to rise from 4.8 per cent in 2017 to 5.4 per cent and 5.5 per cent in 2018 & 2019 respectively.

Primary Sector plays an essential role in the structural transformation of the global economy as it is directly related to growth. It contributes a significant share in international trade mainly in the developing countries like India.

Indian Economic Overview

The Indian government has taken noteworthy initiatives to strengthen the economic conditions for making India one of the strongest economies in the world. Indian economy is expected to reach a 7.5 per cent growth rate in 2018 by raising the capital expenditure from Rs. 3 lakh crore in 2017-18 to Rs. 3.9 lakh crore in 2019-20. The government of India is trying to take significant

efforts to move on faster mode to minimise structural and political bottlenecks for higher investments in India. India has shown Outstanding performance in Mergers & Acquisitions deals in spite of headwind, which is estimated to have reached US\$ 46.8 billion in 2017.

According to the World Bank, the Indian economy will probably grow at 7 per cent in 2017-18 and further accelerate to 7.4 per cent in 2019-20. Foreign direct investment is a major source for the economic development of India who takes advantage of investment freedoms such as tax exemptions. According to the Department of Industrial Policy and Promotion, the total FDI Investments in India during 2017-18 stood at the US\$ 44.86 billion which shows the efforts by the government to improve the perception about FDI in India along with ease of doing business. The reforms in various sectors support effective investments and favourable sentiments. It reflected through investments that amounted to the US\$ 19.78 million from FII's between April-December 2017.

According to Central Statistics Organisation and International Monetary Fund, India has emerged as the fastest-growing major economy in the world, in similar terms, our President of India, Mr Ram Nath Kovind, is expecting Indian economy to grow double in size to US\$ 5 trillion by 2025.

Agricultural Sector

The agricultural sector employs nearly half of the workforce in the country. However, it contributed US\$ 274.23 billion in FY 17-18. India's production of food grains has been growing every year in several crops such as wheat, rice, pulses, sugarcane and cotton.

Rabi Area Sown in FY 18 (Million Hectares)

Kharif Area Sown in FY 18 (Million Hectares)

Two major agricultural seasons in India: Kharif and Rabi, Kharif season is from April to September whereas Rabi season is from October to March)

Indian Agrochemicals Industry

There is an enormous growth opportunity for Agrochemicals Industry in India. Globally, India stands on 4th position in the production of agrochemicals. Global fertilizers and Agrochemicals market is expected to grow to the US\$ 195 billion and Indian Agrochemicals market at US\$ 6.3 billion by 2020. It gives a strong indicator to the Indian market to enhance the coverage for the agro-based chemical business.

As per the report jointly presented by Tata Strategic Management Group (TSMG) and FICCI at the sixth National Conference on Agrochemicals 2016 in New Delhi, there is an immense opportunity for Indian crop protection market which is supported by strong growth drivers. Current consumption of crop protection products in India is 0.6 kg per hectare, which is much lower as compared to the world average of 3 kg per hectare. India's per-hectare agrochemical consumption is

expected to increase in the coming years due because of factors including increasing population and decreasing per capita availability of arable land.

In India, the seven states including Andhra Pradesh (AP), Maharashtra, Punjab, Madhya Pradesh, Chhattisgarh, Gujarat, Tamil Nadu and Haryana accounted for 70 per cent usage of crop protection chemicals. Innovation into the agriculture sector such as biotechnology, genomics and organic farming will play a significant role for the overall agro-chemicals industry controlled by the agricultural income.

Global and Indian Pesticide Market

Global pesticides market is in the line of growth due to the small size of the area under cultivation. It is expected to grow from US\$ 75 billion in 2017 to US\$ 90 billion by 2023. During the stages of Agriculture Inputs, a significant value is created by the pesticides to increase the production.

Stages of Agricultural Inputs

1. Ploughing of Land
2. Sowing Seeds
3. Farming and Irrigation
4. Fertilizers
5. Pesticides

India was accounted for 10% of the total global pesticide market in FY 17. India's per hectare pesticides consumption is 0.6 kg as compared to US (5-7 kg/ha) and Japan (11-12 kg/ha) which is the lowest in the world. It is due to the low purchasing power of the farmers and small land holdings. Paddy and Cotton accounted for the maximum share of pesticide consumption, i.e. (26%-28%) and (18%-20%) respectively. In the usage pattern of crop-protection chemical, insecticides contributing to 55%, followed by herbicides 23%, fungicides 18% and rest of the other products such as bio-pesticides.

Indian Crop Protection Chemical Usage Pattern

Global and Indian biofertilizer market

The global fertilizer market has shown strong footprints and expected to grow at 14.56 per cent CAGR during the forecast period of 2015-2023. Bio-fertilizer is an effective solution to enhance the quality of soil affected by chemical fertilizers. The global bio-fertilizer industry is multiplying at an annual rate of 14% and is expected to reach the market value of US\$ 1,580 million by 2023.

The Asia-Pacific market of bio-fertilizers is the most resourceful and revenue-generating market for biofertilizer manufacturing industries owing to the availability of cheap labour force and low-cost raw material in the region. Furthermore, the market is expected to register a CAGR of 11.2% over the forecast period, i.e. 2016-2023.

India is a growing market for bio-fertilizer products due to its cost effectiveness. It has multiple features like eco-friendliness, easy application and it is non-toxic. It is a reliable alternative to chemical fertilizer especially in case of fuel based chemical fertilizer which affects imports and subsidies of the country.

Government of India introduced a number of schemes to promote the usage of the product in the country like National Mission of Sustainable Development (NMSA)/ Paramparagat Krishi Vikas Yojana, Rashtriya Krishi Vikas Yojana (RKVY) and National Mission on Oilseeds and Oil Palm (NMOOP) and Indian Council of Agricultural Sciences (ICAR). Indian bio-fertilizer market is directly related to the organic food market which is expected to grow by nearly US\$ 1 billion from 2014-2020.

Company Overview

Super Crop Safe Limited is one of the leading players in the manufacturing and trading of agro-chemicals. It has a presence in more than eight states with 2100+ distributors. It is incorporated as a Private Limited Company on 9th February 1987. The company started with a vision of crop protection across the globe. It engaged in the manufacturing of various types of agro-chemicals like technical grade pesticides, formulation of insecticides, fungicides and weedicides. The company operates through the Pesticides, Bio-products and Nutraceutical business. Super Crop Safe Limited is focussing on taking a shift from generic pesticides to bio-fertilizers & innovative pesticides through R&D and knowledge-based team. This has led us to innovate new formulations with high margins for sustainable development. Such a shift has brought us the balance between economic growth and environmental protection.

Research and Development

SUCROSA is slowly paving the ways of its unique USP based strategy to categorise the best among the similar niche by adding value through its in-house research and development. Soil health and Plant health is the guiding principle of good crop produce. We have focused our research on Plant Insect Interaction by applying algorithms for research analysis and further experimental R & D in this arena. We have isolated microbes from soil for the solubilisation of potash, zinc, manganese and iron; purified it and now mass producing to strengthen the capacity of mycorrhizal formulation Super Gold one of its kind. A special formulation of Super Gold for Tea plantation is in progress.

We are exploring to diversify and entered to produce Nutraceuticals. Our team have experimented on evaluation of growth on different types of stress during the growth phase of Spirulina culture in raceway pond. A cost effective downward processing is being developed. Various formulation of energy drink is under standardization.

Products Launched

i) Super Gold - A Mycorrhiza VAM Product (reducing 50% of Phosphate fertilizer application), which is now proving its strength among the Farmers in different states.

ii) triNETRA - A polyherbal formulations to control sucking pest and bacterial & fungal pathogens. The biotic signal produces PLANTIBODY in crops for defence.

iii) Artica - Systemic and Contact insecticide for Heliothis & White fly

iv) Commander - Systemic and Contact insecticide for Sucking pest

v) Sumectin - Insecticide for caterpillar pests (Lepidopteron)

vi) Kranti - Systemic and Contact fungicide We have focused to launch Environment friendly & Sustainable new molecules; a combination of two or three molecules and natural poly molecular with inculcation of Nano-Biotechnology. Launch is being made as per market demand.

Segment-wise Performance

In FY 18 Bio-Fertilizer division contributed around 34% in the overall revenue in comparison to 19% last year, the growth of ~79% has been recorded. On the similar lines Insecticide, weedicide, Fungicide have contributed around 40%, 13% and 10% respectively. This drastic change in numbers of Bio-Fertilizer shows that your company is focusing and moving towards bio division, result of which will be seen in coming period.

Outlook

During the year, we have enhanced our product mix by propelling high edge, appeal and very versatile products. That reflects in our working execution. We are centered on reinforcing the current tasks and extending the topographical reach. Our recent product launches (Commander and triNETRA) are high margin and low rivalry products, which will drive Company's margins and profitability substantially in the future. We are committed to commercializing such products every year which gives us the confidence to maintain such growth momentum in coming years. We are into the number of R&D activities which focuses on the niche area of Nutraceuticals. We are looking to ramp up this vertical in coming days. We are targeting to increase our distribution chain from 2100 to 4000 by 2020, coupled with newer geographical reach which will keep our revenue momentum.

Towards this end, the Company has adopted Code of Conduct which lays down the principles and standards that should govern the actions of the Company and its employees. Any actual or potential violation of the Code, howsoever insignificant or perceived as such, would be a matter of serious concern for the Company. The role of the employees in pointing out such violations of the Code cannot be undermined.

Super Crop Safe Limited (herein after referred as "the Company") being listed company requires to establish a vigil mechanism for directors and employees to report the genuine concerns as per the provisions of the section 177 of the Companies Act, 2013 in such manner as may be prescribed.

Regulation 22 of the Listing Obligation and Disclosure Requirement Regulation, 2015 between listed companies and the Stock Exchanges, inter alia also provides a mandatory requirement for all listed companies to devise an effective whistleblower mechanism for directors and employees to report concerns about unethical behavior, actual or suspected fraud or violation of the company's code of conduct or ethics policy.

The company has adopted a Code of Conduct ("the Code") for directors and senior management, which lays down the principles and standards that should govern the action of the company and its employees.

Accordingly, this Whistleblower Policy ("the Policy") has been formulated with a view to provide a mechanism for directors and employees of the Company to approach the chairman of the Audit Committee of the Company.

2. OBJECTIVE OF THE POLICY

The purpose and objective of this Policy is to provide a framework to promote responsible and secure whistle blowing. It protects the employees wishing to raise a concern about serious irregularities within the Company.

To maintain the standards and objectives mentioned above, the Company encourages its directors and employees who have genuine concerns about suspected misconduct to come forward and express their concerns without fear of punishment or unfair treatment. A Vigil (Whistleblower) mechanism provides a channel to the employees and Directors to report to the management concerns about unethical behaviour, actual or suspected fraud or violation of the Code of conduct or policy. The mechanism provides for adequate safeguards against victimization of employees and Directors to avail of the mechanism and also provide for direct access to the Chairperson of the Audit Committee in exceptional cases.

This policy, however, neither releases employees from their duty of confidentiality in the course of their work nor can it be used as a route for raising malicious or unfounded allegations against people in authority and / or colleagues in general.

3. SCOPE OF THE POLICY

This Policy covers malpractices and events which have taken place, suspected to have taken place, misuse or abuse of authority, fraud or suspected fraud, violation of company rules, manipulations, negligence causing danger to public health and safety, misappropriation of monies, and other matters or activity on account of which the interest of the Company is affected and formally reported by whistleblowers. This Policy is intended to encourage and enable employees to raise serious concerns within the Company prior to seeking resolution outside the Company.

They are not required or expected to act as investigators or finders of facts, nor would they determine the appropriate corrective or remedial action that may be warranted in a given case. Whistleblowers should not act on their own in conducting any investigative activities, nor do they have a right to participate in any investigative activities other than as requested by the Chairman of the Audit Committee or the Investigators.

4. DEFINITIONS

“Audit Committee” means a Committee constituted by the Board of Directors of the Company in accordance

with guidelines of Listing Obligation and Disclosure Requirements Regulations, 2015 and Companies Act, 2013.

“Board” means the Board of Directors of the Company.

“Company” means the Super Crop Safe Limited.

“Code” means Code of Conduct and Ethics for Directors and Senior Management adopted by Super Crop Safe Limited.

“Employee” means every employee of the Company including Directors in the employment of the Company.

“Protected Disclosure” means any communication in good faith that discloses or demonstrates information that may evidence unethical or improper activity.

“Subject” means a person or group of persons against or in relation to whom a Protected Disclosure is made or evidence gathered during the course of an investigation.

“Vigilance and Ethics Officer” means an officer appointed to receive protected disclosures from whistleblowers, maintaining records thereof, placing the same before the Audit Committee for its disposal and informing the Whistleblower the result thereof.

“Whistleblower” is an employee or group of employees who make a Protected Disclosure under this Policy and also referred in this policy as complainant.

5. REPORTING OF PROTECTED DISCLOSURES

All employees of the company are eligible to make protected disclosures under the policy in relation to matters concerning the company. The Company does not tolerate any malpractice, impropriety, statutory non-compliance or wrongdoing. This Policy ensures that employees are empowered to proactively bring to light such instances without fear of reprisal, discrimination or adverse employment consequences.

This Policy is not, however, intended to question financial or business decisions taken by the Company that are not Protected Disclosures nor should it be used as a means to reconsider any matters which have already been addressed pursuant to disciplinary or other internal procedures of the Company. This policy shall not be used:

- i. For raising grievances related to employees' own career / other personal grievances.
- ii. For raising grievances related to career of other employees / colleagues.

- iii. Grievances arising out of the policies / procedures of the Company and any taken by the superior / management in this respect.
- iv. Grievances related to such other similar issues like (i), (ii) and (iii) hereinabove.

All Protected Disclosures should be reported in writing by the Whistleblower as soon as possible after the Whistleblower becomes aware of the same so as to ensure a clear understanding of the issues raised.

Employees can lodge a Protected Disclosure in one of the following ways:

- i. By sending an email to super_investors_greivance@yahoo.in with the subject "Protected Disclosure under the Whistleblower Policy".
- ii. By sending letter in a closed and secured envelop and super scribed as "Protected Disclosure under the Whistleblower Policy" to the Vigilance and Ethics Officer (as notified from time to time). Letter should either be typed or written in a legible handwriting in English or Hindi or Gujarati.

All Protected Disclosures should be addressed to the Vigilance and Ethics Officer of the Company or to the Chairman of the Audit Committee in exceptional cases.

The Protected Disclosure should be forwarded under a covering letter which shall bear the identity of the Whistleblower. The Chairman of the Audit Committee / Vigilance and Ethics Officer or, as the case may be shall detach the covering letter and forward only the Protected Disclosure to the Investigators for investigation.

In order to protect identity of the complainant, the Vigilance and Ethics Officer will not issue any acknowledgement to the complainants and they are advised not to write their name / address on the envelope nor enter into any further correspondence with the Vigilance and Ethics Officer. The Vigilance and Ethics Officer shall assure that in case any further clarification is required he will get in touch with the complainant.

Anonymous / Pseudonymous disclosure shall not be entertained by the Vigilance and Ethics Officer. While this Policy is intended to protect genuine Whistleblowers from any unfair treatment as a result of their disclosure, misuse of this protection by making frivolous and bogus complaints with mala fide intentions is strictly prohibited. An employee who makes complaints with mala fide intentions and which is subsequently found to be false will be subject to strict disciplinary action.

The Whistleblower's role is that of a reporting party. Whistleblowers are not investigators or finders of facts; neither can they determine the appropriate corrective or remedial action that may be warranted.

All Protected Disclosures should be addressed to the Vigilance and Ethics Officer of the Company or to the Chairman of the Audit Committee in exceptional cases.

Protected Disclosure against the Vigilance and Ethics Officer should be addressed to the Chairman of the Audit Committee.

Although a Whistleblower is not required to furnish any more information than what he/she wishes to disclose, it is essential for the Company to have all critical information in order to enable the Company to effectively evaluate and investigate the complaint. It is difficult for the Company to proceed with an investigation on a complaint, which does not contain all the critical information such as the specific charge. The complaint or disclosure must therefore provide as much detail and be as specific as possible in order to facilitate the investigation.

To the extent possible, the complaint or disclosure must include the following:

- i. The employee, and/or outside party or parties involved;
- ii. The sector of the Company where it happened (Location, Department, office);
- iii. When did it happen: a date or a period or time;
- iv. Type of concern (what happened);
 - a) Financial reporting;
 - b) Legal matter;
 - c) Management action;
 - d) Employee misconduct; and/or
 - e) Health & safety and environmental issues.
- v. Submit proof or identify where proof can be found, if possible;
- vi. Who to contact for more information, if possible; and/or
- vii. Prior efforts to address the problem, if any.

6. RECEIPT, INVESTIGATION AND DISPOSAL OF PROTECTED DISCLOSURES

On receipt of the Protected Disclosure the Vigilance and Ethics Officer / the Chairman of the Audit Committee, as the case may be, shall make a record of the Protected Disclosure and also ascertain from the complainant whether he was the person who made the protected disclosure or not. He shall also carry out initial investigation either himself or by involving any other Officer of the Company before referring

the matter to the Audit Committee of the Company for further appropriate investigation and needful action. The record will include:

- i. Brief facts;
- ii. Whether the same Protected Disclosure was raised previously by anyone on the subject, and if so, the outcome thereof;
- iii. Details of actions taken by the Vigilance and Ethics Officer / the Chairman of the Audit Committee processing the complaint
- iv. Findings and recommendations.

The Audit Committee, if deems fit, may call for further information or particulars from complainant.

Investigation

The decision to conduct an investigation is by itself not an accusation and is to be treated as a neutral fact finding process. Subject(s) will normally be informed in writing of the allegations at the outset of a formal investigation and have opportunities for providing their inputs during the investigation. He shall have a duty to co-operate with the Audit Committee or any of the Officers appointed by it in this regard and shall be subject to strict disciplinary action up to and including immediate dismissal, if they fail to cooperate in an investigation, or deliberately provide false information during an investigation.

Subject(s) have a right to consult with a person or persons of their choice, other than the Vigilance and Ethics Officer / Investigators and/or members of the Audit Committee and/or the Whistleblower. He has a responsibility not to interfere with the investigation. Evidence shall not be withheld, destroyed or tampered with and witness shall not be influenced, coached, threatened or intimidated by him.

Unless there are compelling reasons not to do so, he will be given the opportunity to respond to material findings contained in the investigation report. No allegation of wrong doing against him shall be considered as maintainable unless there is good evidence in support of the allegation. He has a right to be informed of the outcome of the investigations. If allegations are not sustained, he should be consulted as to whether public disclosure of the investigation results would be in the best interest of him and the Company.

The investigation shall be completed normally within 45 days of the receipt of the protected disclosure and is extendable by such period as the Audit Committee deems fit.

All information disclosed during the course of the investigation will remain confidential, except as necessary or appropriate to conduct the investigation and take any remedial action,

in accordance with any applicable laws and regulations. The Company reserves the right to refer any concerns or complaints regarding Protected Disclosure to appropriate external regulatory authorities.

Disposal

If an investigation leads the Vigilance and Ethics Officer to conclude that an improper or unethical act has been committed, the Vigilance and Ethics Officer shall recommend to the management of the Company to take such disciplinary or corrective action commensurate with the severity of the offence, as he may deem fit. The company may also take reasonable and necessary measures to prevent any further violations which may have resulted in a complaint being made. It is clarified that any disciplinary or corrective action initiated against the Subject as a result of the findings of an investigation pursuant to this Policy shall adhere to the applicable personnel or staff conduct and disciplinary procedures.

The Vigilance and Ethics Officer shall submit a report to the Chairman of the Audit Committee on a regular basis about all Protected Disclosures referred to him/her since the last report together with the results of investigations, if any.

A complainant who makes false allegations of unethical & improper practices or about alleged wrongful conduct of the Subject to the Vigilance and Ethics Officer or The Chairman or Chairman of the Audit Committee shall be subject to appropriate disciplinary action in accordance with the rules, procedures and policies of the Company.

7. PROTECTION

No Personnel who, in good faith, makes a disclosure or lodges a complaint in accordance with this Policy shall suffer reprisal, discrimination or adverse employment consequences. Accordingly, the Company prohibits discrimination, retaliation or harassment of any kind against a Whistleblower, who based on his/her reasonable belief that one or more Protected Disclosure has occurred or are, occurring, reports that information. Any employee, who retaliates against a Whistleblower who has raised a Protected Disclosure or Complaint in good faith, will be subject to strict disciplinary action up to and including immediate termination of employment or termination of his/her relationship with the Company.

If any employee, who makes a disclosure in good faith, believes that he/she is being subjected to discrimination, retaliation or harassment for having made a report under this Policy, he/she must immediately report those facts to his/her supervisor, manager or point of contact. If, for

any reason, he/she do not feel comfortable discussing the matter with these persons, he/she should bring the matter to the attention of the Vigilance and Ethics Officer or The Chairman of the Audit Committee in exceptional cases. It is imperative that such employee brings the matter to the Company's attention promptly so that any concern of reprisal, discrimination or adverse employment consequences can be investigated and addressed promptly and appropriately.

A Whistleblower, who report any violation of the above clause to the Vigilance and Ethics Officer or the Chairman of the Audit Committee, who shall investigate into the same and recommend suitable action to the management.

The company will take steps to minimize difficulties, which the Whistleblower may experience as a result of making the Protected Disclosure. The identity of the Whistleblower shall be kept confidential to the extent possible and permitted under law. Any other Employee assisting in the said investigation shall also be protected to the same extent as the Whistleblower.

The Whistleblower shall have right to access Chairman of the Audit Committee directly in exceptional cases and the Chairman of the Audit Committee is authorized to prescribe suitable directions in this regard.

8. INVESTIGATORS

Investigators are required to conduct a process towards fact-finding and analysis. Investigators shall derive their authority and access rights from the Vigilance and Ethics Officer/ Audit Committee when acting within the course and scope of their investigation.

Technical and other resources may be drawn upon as necessary to augment the investigation. All Investigators shall be independent and unbiased both in fact and as perceived. Investigators have a duty of fairness, objectivity, thoroughness, ethical behavior, and observance of legal and professional standards.

Investigations will be launched only after a preliminary review which establishes that:

- i. the alleged act constitutes an improper or unethical activity or conduct, and
- ii. either the allegation is supported by information specific enough to be investigated, or matters that do not meet this standard may be worthy of management review, but investigation itself should not be undertaken as an investigation of an improper or unethical activity.

9. DECISION

If an investigation leads the Vigilance and Ethics Officer/ Chairman of the Audit Committee to conclude that an improper or unethical act has been committed, the Vigilance and Ethics Officer / Chairman of the Audit Committee shall recommend to the management of the Company to take such disciplinary or corrective action as the Vigilance and Ethics Officer / Chairman of the Audit Committee deems fit. It is clarified that any disciplinary or corrective action initiated against the Subject as a result of the findings of an investigation pursuant to this Policy shall adhere to the applicable personnel or staff conduct and disciplinary procedures.

10. REPORTING

The Vigilance and Ethics Officer shall submit a report to the Audit Committee on a regular basis about all Protected Disclosures referred to him/her since the last report together with the results of investigations, if any.

11. RETENTION OF DOCUMENTS

The Company shall maintain documentation of all Protected Disclosures or reports subject to this Policy. The documentation shall include any written submissions provided by the complainant, any other Company documents identified in the complaint or by the Company as relevant to the complaint, a summary of the date and manner in which the complaint was received by the Company and any response by the Company to the complainant. All such documentation shall be retained by the Company for a minimum of five (5) years or such other period as specified by any other law in force, whichever is more, from the date of receipt of the complaint. Confidentiality will be maintained to the extent reasonably practicable depending on the requirements and nature of the investigation, as indicated above.

12. AMENDMENT TO THIS POLICY

The Company reserves its right to amend or modify this Policy in whole or in part, at any time without assigning any reason whatsoever. Modification may be necessary, among other reasons, to maintain compliance with local, state, central and federal regulations and/or accommodate organizational changes within the Company. However, no such amendment or modification will be binding on the Employees and Directors unless the same is notified to them in writing.

9. Discretionary Requirements

A. The Board

The Chairman of the Board does not maintain a Chairman's office at the Company's expense. However, the Company, from time to time, reimburses the expenses in relation to the Chairman's office in connection with performance of his duties as the Chairman of the Company.

B. Shareholders' Rights – Half yearly results

As the Company's half yearly results are published in an English newspapers having a circulation all over India and in a Gujarati newspaper (having a circulation in Ahmedabad), the same are not sent separately to the shareholders of the Company, but hosted on the website of the Company.

DECLARATION OF COMPLIANCE WITH THE CODE OF CONDUCT

It is hereby declared that all the Directors and senior management personnel and employees of the Company have affirmed to and complied with the code of conduct as approved and adopted by the Board of Directors.

Independent Auditor's Report

To the members of Super Crop Safe Limited

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Super Crop Safe Limited ("the company") which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss, including Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity, for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and statement of changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of Ind AS financial statements in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the

audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the management, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us the Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, its profit, other comprehensive income, its cash flows and changes in equity for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A, a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept so far as it appears from our examination of those books;

- (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account;
- (d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act, read with rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016;
- (e) On the basis of the written representations received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure B",
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of

the Companies (Audit and Auditor's) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

- i. There were no pending litigations which would impact the financial position of the Ind AS financial statements.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company; and

Annexure B to the Auditor's report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of SUPER CROP SAFE LIMITED ("the Company") as of 31 March, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal

financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

for the year ended 31st March, 2018

COMPANY BACKGROUND

Super Crop Safe Limited ("The Company") was incorporated on 9th February, 1987 vide certificate of incorporation no: L24231GJ1987PLC009392 under the Companies Act, 1956. The Company is engaged in the business of manufacturing and trading of Agro Chemicals.

1 Significant Accounting Policies:

1.1 Statement of compliance:

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind Ass) notified under the Companies (Indian Accounting Standards) Rules, 2015. Upto the year ended March 31, 2017, the Company prepared its financial statements in accordance with the requirements of previous GAAP, which includes Standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ('Previous GAAP'). These are the Company's first Ind AS financial statements. The date of transition to Ind AS is April 1, 2016. Refer Note 2 for the details of first-time adoption exemptions availed by the Company.

1.2 Basis of Preparation of Financial Statements:

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorized into Level 1, 2, or 3

based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

1.3 Revenue Recognition:

Revenue is measured at the fair value of the consideration received or receivable. Revenue is reduced for estimated customer returns, rebates and other similar allowances.

Revenue includes only the gross inflows of economic benefits, including excise duty, received and receivable by the company, on its own account. Amounts collected on behalf of third parties such as sales tax, value added tax and goods and services tax are excluded from revenue.

a) Sale of Goods

Revenue from the sale of goods is recognized when the goods are delivered and titles have passed, at which time all the following conditions are satisfied:

- The Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- The Company retains neither continuing managerial involvement to the degree usually associated with Ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company; and
- The costs incurred or to be incurred in respect of the transaction can be measured reliably.

- b) Revenue in respect of leakage/shortage/insurance and other claims is recognised only when these claims are accepted. Revenue from services rendered is recognised as and when services are performed. Revenue from use by others of enterprise resources- Rent income is accounted for on accrual basis.

Notes on Financial Statements

for the year ended 31st March, 2018

c) Interest income

Interest income from a financial asset is recognized when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

1.4 Employee Benefits:

Retirement benefit costs and termination benefits

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service entitling them to the contributions.

For defined benefit retirement benefit plans, the cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the balance sheet with a charge or credit recognized in other comprehensive income in the period in which they occur. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognized in profit or loss in the period of a plan amendment.

The retirement benefit obligation recognized in the balance sheet represents the actual deficit or surplus in the Company's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Short-term and other long-term employee benefits

A liability is recognized for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service.

Liabilities recognized in respect of long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Company in respect of services provided by employees up to the reporting date.

1.5 Taxation:

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized. Such deferred tax assets and liabilities are not recognized if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

Notes on Financial Statements

for the year ended 31st March, 2018

1.6 Property, plant and equipment:

Land and buildings held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment losses.

Freehold land is not depreciated.

Fixtures and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Depreciation is recognized so as to write off the cost of assets (other than freehold land) less their residual values over their useful lives, using the written-down value method over the useful lives of assets as prescribed under part C of schedule II of the Companies Act, 2013.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in profit or loss.

Ind AS 101, Appendix, D provides exemptions which are at the option of the company, whether to avail that option or not. By availing that option company need not have to follow that particular Ind AS retrospectively. One of such exemption is also available with respect to Property, plant and equipment.

Company can choose the option of previous GAAP carrying amount as deemed cost or Fair value of asset on the date of opening balance sheet date as deemed cost. If company decides to not to take any of the option then in that case Ind AS - 16 needs to be applied retrospectively.

Company has not availed any of the exemptions given under Ind AS - 101 for property, plant and equipment.

Capital work in progress is stated at cost less accumulated impairment loss, if any.

Deemed cost on transition to Ind AS

For transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets recognised as of April 1, 2016 (transition date) measured as per the previous GAAP and use that carrying value as its deemed cost as of the transition date.

1.7 Impairment of Non-Financial assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest Company of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss.

1.8 Inventory:

Raw materials, work-in-progress, finished goods, packing materials, stores, spares, components, consumables and stock-in-trade are carried at the lower of cost and net realizable value after providing for obsolescence, if any.

In determining the cost of raw materials, packing materials, stock-in-trade, stores, spares, components and consumables, First-in-First-Out (FIFO) method is used. Cost of inventory comprises all costs of purchase, duties, taxes (other than those subsequently recoverable from

Notes on Financial Statements

for the year ended 31st March, 2018

tax authorities) and all other costs incurred in bringing the inventory to their present location and condition.

Cost of finished goods and work-in-progress includes the cost of raw materials, packing materials, an appropriate share of fixed and variable production overheads, excise duty as applicable and other costs incurred in bringing the inventories to their present location and condition.

Materials in transit are valued at cost-to-date.

1.9 Provisions and Contingencies :

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

A contingent liability exists when there is a possible but not probable obligation or a present obligation that may, but probably will not; require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote. Contingent assets are neither recognized nor disclosed in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

1.10 Financial Instruments

Financial assets and financial liabilities are recognized when a Company entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial

assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

1.11 Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognized financial assets are subsequently measured in their entirety at either amortized cost or fair value, depending on the classification of the financial assets.

Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortized cost:

- The asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For the impairment policy on financial assets measured at amortised cost, refer para of Impairment of financial assets.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income:

- The asset is held within a business model whose objective is achieved both by collecting Contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Interest income is recognized in profit or loss for FVTOCI debt instruments. For the purposes of recognizing foreign exchange gains and losses, FVTOCI debt instruments are treated as financial assets measured at amortized cost. Thus, the exchange differences on the amortized cost are recognized in profit or loss and other changes in the fair value of FVTOCI financial assets are recognized in other

Notes on Financial Statements

for the year ended 31st March, 2018

comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of, the cumulative gain or loss previously accumulated in this reserve is reclassified to profit or loss.

For the impairment policy on debt instruments at FVTOCI, refer Para of Impairment of financial assets. All other financial assets are subsequently measured at fair value.

Effective interest method

The effective interest method is a method of calculating the amortized cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognized on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognized in profit or loss and is included in the "Other income" line item.

Financial assets at fair value through profit or loss (FVTPL)

Debt instruments that do not meet the amortised cost criteria or FVTOCI criteria (see above) are measured at FVTPL. In addition, debt instruments that meet the amortised cost criteria or the FVTOCI criteria but are designated as at FVTPL are measured at FVTPL.

Financial assets at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any dividend or interest earned on the financial asset and is included in the 'Other income' line item. Dividend on financial assets at FVTPL is recognised when the Company's right to receive the dividends is established, it is probable that the economic benefits associated with the dividend will flow to the entity, the dividend does not represent a recovery of part of cost of the investment and the amount of dividend can be measured reliably.

Impairment of financial assets

The Company applies the expected credit loss model for recognizing impairment loss on financial assets measured

at amortized cost, debt instruments at FVTOCI, lease receivables, trade receivables, other contractual rights to receive cash or other financial asset, and financial guarantees not designated as at FVTPL.

Expected credit losses are the weighted average of credit losses with the respective risks of default occurring as the weights. Credit loss is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). The Company estimates cash flows by considering all contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) through the expected life of that financial instrument.

The Company measures the loss allowance for a financial instrument at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. 12-month expected credit losses are portion of the lifetime expected credit losses and represent the lifetime cash shortfalls that will result if default occurs within the 12 months after the reporting date and thus, are not cash shortfalls that are predicted over the next 12 months.

If the Company measured loss allowance for a financial instrument at lifetime expected credit loss model in the previous period, but determines at the end of a reporting period that the credit risk has not increased significantly since initial recognition due to improvement in credit quality as compared to the previous period, the Company again measures the loss allowance based on 12-month expected credit losses.

When making the assessment of whether there has been a significant increase in credit risk since initial recognition, the Company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition.

Notes on Financial Statements

for the year ended 31st March, 2018

For trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 11 and Ind AS 18, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses.

Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical expedient as permitted under Ind AS 109. This expected credit loss allowance is computed based on a provision matrix which takes into account historical credit loss experience and adjusted for forward-looking information.

The impairment requirements for the recognition and measurement of a loss allowance are equally applied to debt instruments at FVTOCI except that the loss allowance is recognized in other comprehensive income and is not reduced from the carrying amount in the balance sheet.

Derecognition of financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognized in other comprehensive income and accumulated in equity is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognize under continuing involvement, and the part it no longer recognizes on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognized and the sum of the consideration received for the part no longer recognized and any cumulative gain or loss allocated to it that had been recognized in other comprehensive income is recognized in profit or loss if such gain or loss would have otherwise been recognized in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognized in other comprehensive income is allocated

between the part that continues to be recognized and the part that is no longer recognized on the basis of the relative fair values of those parts.

1.12 Financial liabilities

All financial liabilities are subsequently measured at amortized cost using the effective interest method or at FVTPL.

However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

Financial liabilities subsequently measured at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

The effective interest method is a method of calculating the amortized cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of financial liabilities

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange between with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and

Notes on Financial Statements

for the year ended 31st March, 2018

the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid and payable is recognized in profit or loss.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognized in profit or loss. The net gain or loss recognized in profit or loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

1.13 Foreign Currency Transactions:

Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction or that approximates the actual rates at the date of the transaction. Foreign currency monetary assets and liabilities are translated at the year end rates. The difference between the rates prevailing on the date of transaction and on the date of settlement as also on transaction Monetary items at the end of year is recognized, as the case may be, as income or expense for the period.

Non-Monetary items that are measured at historical cost in a foreign currency, are translated using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in foreign currency, are transferred using the exchange rates at the date when the fair value is measured.

1.14 Cash Flow Statement:

Cash flows are reported using the indirect method, whereby profit before tax and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.15 Operating Cycle:

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

1.16 Cash and Cash Equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known

amount of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents.

1.17 Borrowing Cost

Borrowing costs attributable to the acquisition, construction or production of qualifying assets, are added to the cost of those assets, up to the date when the assets are ready for their intended use. All other borrowing costs are expensed in the period they occur.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.18 Segment Reporting

The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted for the Company. The Company's primary segment is identified as Agro-chemical segment based on nature of products, risks, returns and the internal business reporting system and secondary segment is identified based on the geographical location of the customers.

1.19 Earnings Per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders after deducting preference dividends and attributable taxes by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares, if any

1.20 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS:

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during

Notes on Financial Statements

for the year ended 31st March, 2018

the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Revisions to accounting estimates are recognised prospectively.

The areas involving critical estimates or judgments are:

- Estimation of defined benefit obligation (Note 1.4)
- Estimation of Useful life of Property, plant and equipment and intangibles (Note 1.6)
- Estimation of taxes (Note 1.5)
- Estimation of impairment (Note 1.7 & 1.11)
- Estimation of provision and contingent liabilities (Note 1.9)

1.21 Recent Accounting Pronouncements

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective. The Ministry of Corporate Affairs("MCA") has issued certain amendments to Ind AS through (Indian Accounting Standards) Amendment Rules, 2018. These amendments maintain convergence with IFRS by incorporating amendments issued by International Accounting Standards Board(IASB) into Ind AS and has amended the following standards:

1. Ind AS 115-Revenue from Contract with Customers
2. Ind AS 21-The effect of changes in foreign exchanges rates
3. Ind AS 40-Investment Property
4. Ind AS 12-Income Taxes
5. Ind AS 28-Investment in Associates and Joint Ventures
6. Ind AS 112-Disclosure of Interest in Other Entities

Ind AS 115, Revenue from Contract with Customers: On March 28, 2018, the MCA notified the Ind AS 115. The core principle of the new standard is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further, the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

The amendment will come into force from April 1, 2018. The Company has evaluated the effect of this on the financial statements and the impact is not material.

2. FIRST TIME ADOPTION OF IND AS

The company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from 1st April, 2017, with a transition date of 1st April, 2016. These separate financial statements for the year ended 31st March, 2018 are the first the company has prepared under Ind AS.

For all periods upto and including the year ended 31st March, 2017, the company prepared its financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 ('Previous GAAP').

The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements be applied retrospectively and consistently for all financial years presented. Accordingly, the company has prepared financial statements which comply with Ind AS for year ended 31st March, 2018, together with the comparative information as at and for the year ended 31st March, 2017 and the opening Ind AS Balance Sheet as at 1st April, 2016, the date of transition to Ind AS.

In preparing these Ind AS financial statements, the company has availed certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in other equity (retained earnings or another appropriate category of equity). This note explains the adjustments made in restating its Previous GAAP financial statements, including the Balance Sheet as at 1st April, 2016 and the financial statements as at and for the year ended 31st March, 2017.

(A) Mandatory Exceptions to retrospective application

The company has applied the following exceptions to the retrospective application of Ind AS as mandatorily required under Ind AS 101:

1. Estimates:

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP

(after accounting policies), unless there is an objective evidence that those estimates were in error.

Ind AS estimates as at 1 April, 2016 are consistent with the estimates as at same date made in conformity with previous GAAP. The group made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP.

- Investments in equity instruments carried at FVTPL
- Impairment of financial assets based on expected credit loss model.

2. Classification and measurement of financial assets

As required under Ind AS 101, the classification of financial assets to be measured at amortised cost or fair value through other comprehensive income is made on the basis of the facts and circumstances that existed on the date of transition to Ind AS.

(B) Optional Exemptions from retrospective application

Ind AS 101 allows first-time adopters certain exemptions from the retrospective application of certain requirements under Ind AS. The Company has applied the following exemptions:

1. Fair value measurement of financial assets or financial liabilities
Company has elected to apply requirement in paragraph B5.1.2A of Ind AS 109 prospectively to transactions entered into on or after the date of transition to Ind ASs.

(C) Transition to Ind AS – Reconciliations

Ind AS 101 requires an entity to reconcile equity, total comprehensive income and cash flows for prior periods. The following tables represent the reconciliations from IGAAP to Ind AS.

The presentation requirement under IGAAP differs from Ind AS and hence the IGAAP information has been reclassified for ease of reconciliation with Ind AS. The reclassified IGAAP information is derived based on the audited financial statements of the Company for the year ended March 31, 2016 and March 31, 2017.

The following reconciliations provide the explanations and quantification of the differences arising from the transition from Previous GAAP to Ind AS in accordance with Ind AS 101:

Notes on Financial Statements

for the year ended 31st March, 2018

I. Reconciliation of Equity as at 1st April, 2016 and 31st March, 2017

II. Reconciliation of Statement of Profit and Loss for the year ended 31st March, 2017

III. Adjustments to Statement of Cash Flows for the year ended 31st March, 2017

Previous GAAP figures have been reclassified/regrouped wherever necessary to conform with financial statements prepared under Ind AS.

I. Reconciliation of Equity as at 1st April, 2016 and 31st March, 2017

(Amount in Lakhs)

Particulars	Note No.	Year ended 31st March 2017	Year ended 1st April 2016
Total Equity as per Previous GAAP		2,244.73	1039.96
Adjustments:			
Allowance for doubtful debts as per Expected Credit Loss Model (ECL)	1	(19.13)	(8.41)

Notes to the Reconciliations

Note 1: Trade Receivables

On the date of transition to Ind AS, the provision for expected credit loss on trade receivables has resulted in a decrease in the carrying amount of these receivables by Rs. 8.41 Lakhs which has been recognised directly in retained earnings (Equity).

Deferred Tax Liability of Rs. 2.60 Lakhs has been recognized on such provision.

As at 31st March, 2017, the provision for expected credit loss on trade receivables has resulted in a decrease in the carrying amount of these receivables by Rs. 19.13 Lakhs. On such provision, net loss amounting to Rs. 10.72 Lakhs has been recognised in other expenses in the Statement of Profit and Loss. Deferred Tax Liability of Rs.5.91 Lakhs has been recognized on

Notes on Financial Statements

for the year ended 31st March, 2018

such loss.

Note 2: Amortisation of Loan Processing Fees

Under previous GAAP, upfront fee paid to the lenders is charged to statement of profit and loss as and when incurred. However, Ind AS - 109 "Financial instruments" requires long term debt to be recognised at amortised cost and upfront fees are charged on the basis of effective interest rate method. The difference resulting from the said treatment has been adjusted against retained earnings as at the date of transition.

Note 3: Share issue expenses

Under Previous GAAP, Share issue expenses were written off in profit & loss on a systematic basis. Under Ind AS, Share issue expenses are do not meet the asset recognition criteria i.e. probability of future expected economic benefit. On the date of transition to Ind AS, derecognition of Share issue expenses has resulted in a decrease retained earnings (Other Equity) by Rs 2.73 Lakhs. Deferred Tax Liability of Rs. 0.84 Lakhs has been recognized on the same.

Note 4: Deferred Tax

Under Previous GAAP, deferred taxes were recognised for the tax effect of timing differences between accounting profit and taxable profit for the year using the income statement approach. Under Ind AS, deferred taxes are recognised using the balance sheet for future tax consequences of temporary differences between the carrying value of assets and liabilities and their respective tax bases. The above difference, together with the consequential tax impact of the other Ind AS transitional adjustments lead to

temporary differences. Deferred tax adjustments are recognised in correlation to the underlying transaction either in retained earnings or through other comprehensive income.

Note 5: Remeasurements of post-employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of the Statement of Profit and Loss. Under the IGAAP, these remeasurements were forming part of the Statement of Profit and Loss for the year.

Note 6: Excise Duty

Under the IGAAP, revenue from sale of products was presented exclusive of excise duty. Under Ind AS, revenue from sale of goods is presented inclusive of excise duty. The excise duty paid is presented on the face of the Statement of Profit and Loss as part of expenses. This change has resulted in an increase in total revenue and total expenses for the year ended March 31, 2017 by Rs. 555.47 Lakhs. There is no impact on the total equity and profit.

III. Adjustments to Statement of Cash Flows for the year ended 31st March, 2017

There were no material differences between the Statement of Cash Flows presented under Ind AS and the Previous GAAP.

Valuation technique used to determine fair value:

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments

Fair Value of Financial Assets & Liabilities measured at amortised cost

- The carrying amounts of trade receivables, trade payables, capital creditors and cash and cash equivalents are considered to be the same as their fair values, due to their short-term nature.
- The fair values of non-current borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. They are subsequently measured at amortised cost at balance sheet date.

30. Financial Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. This note explains the sources of risk which the entity is exposed to.

Credit Risk Management

Company assesses and manages credit risk based on internal credit rating system. The finance function consists of a separate team who assess and maintain an internal credit rating system. Internal credit rating is performed on for each class of financial instruments with different characteristics.

The company is making provision on Trade Receivables based on Expected Credit Loss Model (ECL).

Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally carried out at local level in the operating companies of the Company in accordance with practice and limits set by the Company. These limits vary by location to take into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and external regulatory requirements and maintaining debt financing plans.

Market Risk Management

Foreign Currency Risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US\$. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the company's functional currency (INR). The risk is measured through a forecast of highly probable foreign currency cash flows.

Price Risk

The Company's exposure to equity securities price risk arises from investments held by the Company and classified in the balance sheet at fair value through profit or loss.

To manage its price risk arising from investments in equity securities, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

Cash flow and fair value interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31 March 2018 and 31 March 2017, the Company's borrowings at variable rate were mainly denominated in INR.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.
